## **Indiana State Poultry Association Statement on President Trump's Executive Order Maintaining Poultry and Meat Processing Operations**

**WEST LAFAYETTE, IN** – The Indiana State Poultry Association, released the following statement on President Trump's Executive Order in support of continued operations of poultry and meat processing in response to the COVID-19 pandemic:

“We hope this order ensures that our producers have the guidance, policies, access to expedient testing, and personal protective equipment needed to ensure the safety of all involved. Through his Executive Order, President Trump is helping the nation's poultry and egg producers achieve this national imperative to feed America's families with the highest quality protein.”
